

City of Kasson Building Permit Process

1. All structures (except storage buildings under 200 sq. ft.) require a building permit, all must conform to the applicable zoning regulations. Applicant must submit completed application to the Kasson Planning Department for review.

Applicant shall include:

- a. Site plan showing property boundaries and building(s) locations. Dimensions should show distance from building to all property lines.
 - b. Legal description and address of property.
 - c. Two sets of plans which include footing, foundation, wall & roof details. CMS will release permit after energy calculations, makeup and combustion air calculations (mechanical calculations) and energy compliance certificate are approved. All buildings other than one and two family dwellings require architectural and/or structural engineering certifications.
 - d. On-site and well information if building is not municipal water and/or sanitary sewer.
2. Building permit review and issuance normally takes 10 to 14 working days.
 3. Applicant pays all fees when he/she picks up the permit(s) before construction.
 4. The owner/builder is responsible for arranging or calling for all inspections. In the typical new home the following inspections would be required:
 - a. Footing/foundation. This is made **prior** the concrete being poured.
 - b. Poured foundation walls
 - c. **Back Fill and Water Proofing**
 - d. Plumbing Rough-in – below ground
 - e. **Radon – Before any foam is placed**
 - f. Mechanical Rough-in – heat/vent – in-floor & underground heat
 - g. Framing – Truss specifications to be on site.
 - h. Plumbing Rough-in - above ground
 - i. Heat & Ventilation Rough-in
 - j. Fireplace Rough-in. This inspection is made **prior** to enclosing unit.
 - k. Insulation
 - l. Finals – building, plumbing, mechanical (heat/ventilation & gas lines)
 5. Certificate of Occupancy shall be issued upon completion of all approved work.

GENERAL INFORMATION:

- **TRACE WIRE IS REQUIRED ON ALL SERVICES**
- All structures except storage buildings 200 sq. ft. or less require a building permit. Storage buildings 200 sq. ft. or less must still comply with all applicable zoning regulations.
- Fences not over seven feet (7') high do not require a building permit.
- Permit fees are based on valuation established from State of Minnesota data sheets.
- Refund and Cancellation Policy: Upon request of cancellation of building permits, charges or refunds will be based on expenses for office time, inspections, and zoning fees that were completed prior to the cancellation notice.
- Electrical permits and electrical inspections must be arranged through the Minnesota state electrical inspector.
- All building and plumbing contractors must be licensed through the State of Minnesota and their license number must be included on all permit applications.
- The plumbing plans for all commercial/industrial projects must be approved by the Minnesota State Health Department. Inspections are made by the Health Department, however, they often defer these to the local building inspector. A copy of the state approval shall be on file at CMS prior to scheduling plumbing inspections.
- The Minnesota State Building Code adopted under Minnesota Statutes, Section 326B.106, subdivision 1, includes the following chapters:
 1. Chapter 1300 – Minnesota Building Code Administration
 2. Chapter 1301 - Building Official Certification
 3. Chapter 1302 - State Building Code Construction Approvals

BUILDING PERMIT APPLICANT: PROPERTY OWNER

I, _____ (print name) understand that the State of Minnesota requires that all residential building contractors, remodelers and roofers obtain a state license unless they qualify for a specific exemption from the licensing requirements. This license requirement applies to owners of residential real estate who build or improve such property for purposes of speculation or resale.

By signing this document, I attest to the fact that I am improving this house for my own use and am not building or improving this house for the purpose of reselling it. I hereby claim to be exempt from the state licensing requirements because I am not in the business of building or remodeling on speculation or for resale and that the house for which I am applying for this permit, located at _____ is the first residential structure I have built or improved in the past 24 months. I also acknowledge that because I do not have a state license, I forfeit any mechanic's lien rights to which I may otherwise have been entitled under Minn. Stat. §514.01.

Furthermore, I acknowledge that I may be hiring independent contractors to perform certain aspects of the construction or improvement of this house and I understand that some of these contractors may be required to be licensed by the State of Minnesota. I understand that unlicensed residential contracting, remodeling, and/or roofing activity is a misdemeanor under Minn. Stat. §326B.082, subd.16 and can also result in a fine of up to \$10,000. I further state that I understand that the filing of a false statement with the City of Kasson may also result in criminal prosecution and/or civil penalties pursuant to applicable city/township ordinances and/or state statutes.

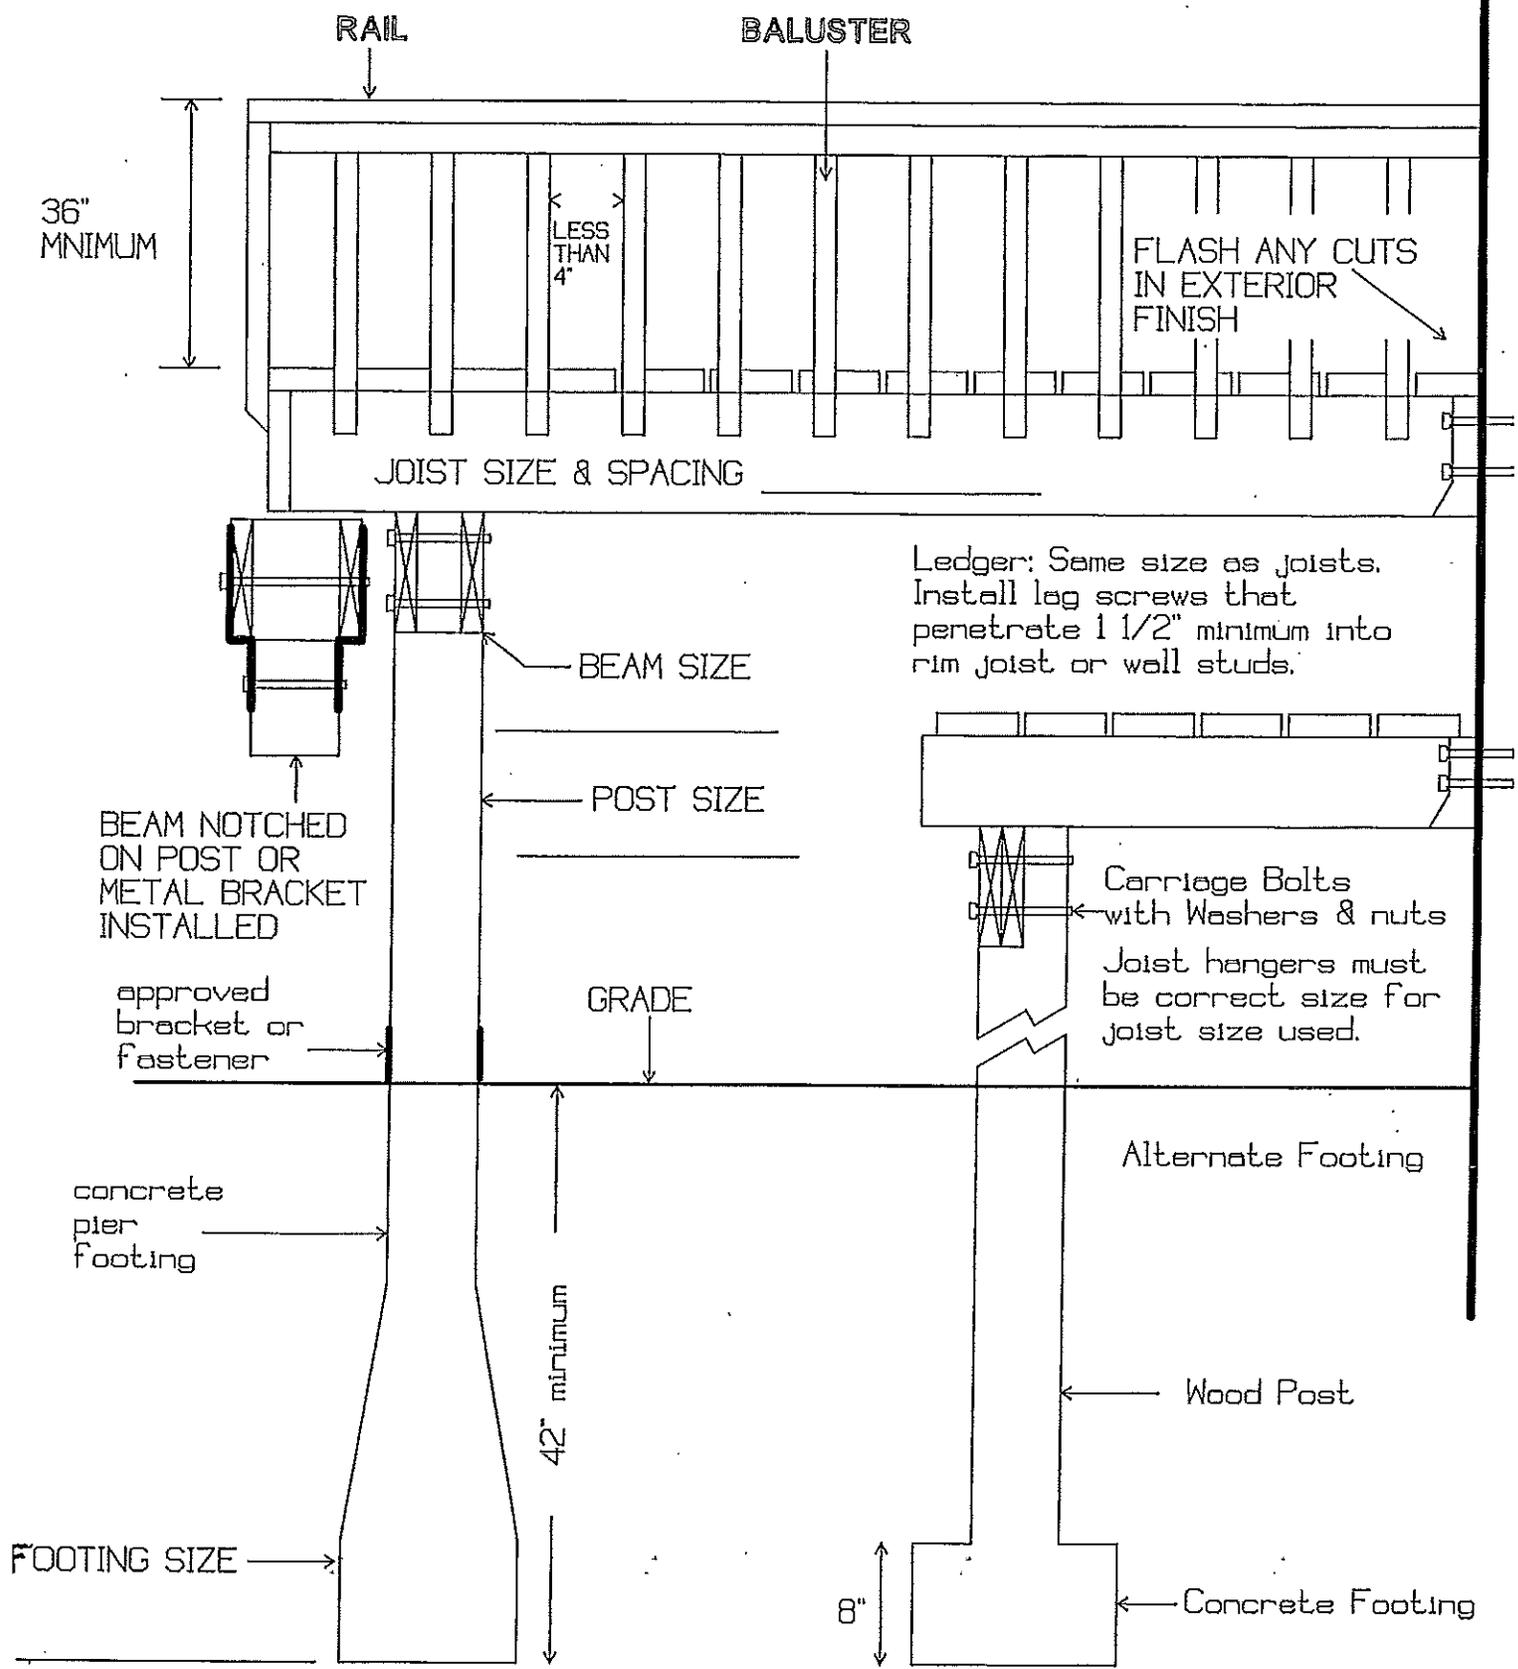

I have also been informed and acknowledge that by listing myself as the contractor for this project, I alone will be responsible to the City of Kasson for compliance with all applicable building codes and city/township ordinances in connection with the work being performed on this property.
