Load Management Controllers

Under the City of Kasson, Electric Load Management Plan, the City manages an electrical controller system which is installed on residential and commercial central air conditioning units. This controller allows the electric power provider to interrupt the central air conditioner unit (7.5 minutes every 30 minute interval) during periods of high summer peak demand; usually on hot, humid summer days in the late afternoon or early evening. When the controllers are activated, the AC unit will cycle off at brief intervals much like your thermostat; the fans will continue to circulate cooled air helping maintain your comfort. By participating in this program you can save money on your electric bill and help the City “level out” energy use during peak demand periods when the cost of electricity is the highest.

The City of Kasson has always and will continue to pay for the installation of the Load Management Controllers for residential customers and for businesses. Kasson Public Utility residential customers with load controllers will receive a 10% discount for four (4) billing periods generally designated as May 16 through September 15 on their electric usage.

If you have any questions or would like to participate in this program contact Krista today at (507) 634-7071 or email

SNOW EMERGENCIES: No vehicle or trailer shall be parked on any street or alley during a declared snow emergency. A snow emergency is defined as any time the quantity of snow warrants the deployment of snow plows. During snow emergencies, no parking shall be allowed on the road or alley until the snow and ice plowing has been completed the full width of the roadway. Citations shall be issued to vehicle owners parked in the path of a snowplow on the first pass. Any vehicle violating this article will be towed without notice to the property owner, at the owner's expense.

SNOW REMOVAL FROM SIDEWALKS: No owner or occupant of a property adjacent to a public sidewalk shall allow snow or ice to remain on the sidewalk longer than 24 hours after snow has ceased to fall. After that time, the City may remove the snow or ice and bill the responsible party for costs incurred.

PILING OF SNOW: Persons shall not push or deposit snow or ice into a street or alley from private property or public boulevards. Do not pile snow at street corners or at the ends of public drives so it interferes with the view of the traveling public. Property owners will be charged removal costs if such piles must be removed by City staff or other agent of the City.
