Thousands of motorcyclists are out on Minnesota roads right now. Watch for them! Sometimes it only takes one wrong move for a crash to happen. If that crash is with a motorcycle, the rider is more likely to be seriously injured or killed.

Motorists:

- *Start seeing motorcyclists! They're smaller and their speed and distance are more difficult to judge.*
- *Always look twice before entering a roadway or changing lanes.*
- *Give riders room and check blind spots.*

Both riders and drivers need to work together to share the road!
