The faster you drive, the harder you crash...obey the limit or pay the price. Speed is a leading factor in traffic deaths! The speed enforcement will begin on July 8th and run through July 22th in Kasson and in Dodge County.

And...while you're out celebrating our country's freedom, you could lose your own if you choose to drink and drive. Not only would you be risking your life and the lives of others—you could face a DWI arrest. DWI arrest means a loss of freedom and money, including going to jail, losing your license, and paying steep financial expenses. The average DWI cost? About \$10,000!

The Festival Committee is looking for a volunteer or volunteers to organize a car show. Please contact Chris or Candy McKern at 507-398-4824 or 507-951-8700 if you are interested.

LOAD CONTROL USERS

...will find a 10% discount on their electric usage in this month's billing and through the month of September.

This discount does not show as a credit on your bill but calculates, as always, with an adjusted lower rate.

To realize your savings, multiply your electric kilowatts by 0.1270. Then, multiply the same kilowatts by 0.1143 and subtract the lower rate from the higher rate.

Homeowners without a load controller can call us at 634-7071 and sign up today!
